

Imperial College London

Department of Electrical & Electronic Engineering

E2 Circuits & Systems – Mid-term Lab Oral

The mid-term lab oral in the form of a 20-minutes oral examination conducted online via MS Teams. This will take place between 11-13 November 2020. The purpose of this mid-term lab oral is to assess your level of attainment in the intended learning outcomes of Lab 1 and Lab 2 only. A schedule for the oral examination is attached. **This is a formal assessment.** If you are unable to be present and wish to swap with someone else, you **MUST** find a willing person to swap with, and let me know in advance via email. I will only agree if you can provide a valid reason for the swap.

Logbook

You must have your logbook (electronics or paper) with you at the Oral Examination. Although your logbook will NOT be “marked” in the conventional sense, your examiner will nevertheless assess how effective you have kept a log of the experiment and whether you have used your logbook to help you learn through planning and reflection. Your examiner will ask you to share your logbook via the Teams’ Chat. You will also be asked questions that can only be answered by referring to the logbook.

Format of the Oral – You must be log onto MS Teams at least 5 minutes before your allocated time. Your Examiner will call you on Teams and ask you to join. You will be asked questions on Lab 1 and Lab 2 only. The Examiner may even ask questions not directly linked to what you have done to test your understanding. These questions are designed to determine how much you understand the principles behind the experiment.

Grading – Attached is the marksheet that your Examiner will be using during the oral examination. The assessment form with feedback will be returned to you via email. You will receive a grade for this assessment according to the criteria shown below:

A = Excellent (70%+)	Completed and understood everything with no gap in knowledge
B = Good (60%+)	Completed all with good understanding with minor gaps
C = OK (50%+)	Fair understanding with some gaps, completed most parts
D = Weak (40%+)	Weak understanding with many gaps
E = Fail (below 40%).	Very weak understanding, lack evidence of real effort

We expect the average mark for this assessment to be around 65% for the entire class. To ensure fair assessment, I will perform moderation of marks between different Examiners and apply adjustments if necessary.

Peter Cheung

Version 1.0, 4 November 2020.

Lab Oral Schedule

Title	Name	Forename	Date	Time	Assessor
Miss	Mohamed Saifulaman,S.A.B.	Syafiqah Athirah Binti	Wednesday	10.00	Assessor_1
Mr	Pek Zhen Wen,E.	Edwyn	Wednesday	10.00	Assessor_2

Names of Assessors:

Date: Wed/Thur/Fri

BASED ON THE LOGBOOK

1. Based on evidence of the logbook, how much has the student done?

☐

Explore beyond

☐

Completed all

☐

Some missing

☐

Lots missing

2. Logbook Effectiveness

☐

Highly effective

☐

Effective

☐

Acceptable

☐

Contrived

☐

Unreal

3. Ability to find answers from Logbook

☐

Confident

☐

Mostly

☐

Acceptable

☐

Sometimes

☐

Unsure

BASED ON UNDERSTANDING

4. How much did the student demonstrate understanding of Lab 1?

☐

V. Good

☐

Good

☐

Acceptable

☐

Poor

☐

V. Poor

5. How much did the student demonstrate understanding of Lab 2?

☐

V. Good

☐

Good

☐

Acceptable

☐

Poor

☐

V. Poor

6. Depth of understanding in general

☐

Broad and Deep

☐

Good

☐

Average

☐

Less than average

☐

Poor

FEEDBACK TO STUDENTS:

Grade for VERI:

Student: Overall grade is NOT necessarily the average of the sub-grades.

Assessor: please return completed form to Peter Cheung AFTER each oral examination session.
